

Project 2: I/O Elevators

Courtney Bonn, Isaac Chan

Group #39

Abstract

Abstract here.

I. DESIGN CHOICE

II. VERSION CONTROL LOG

III. WORK LOG

Date	Time	Person	Event
------	------	--------	-------

IV. WRITE UP

- 1) What do you think the main point of this assignment is?
- 2) How did you personally approach the problem? Design decisions, algorithm, etc.
- 3) How did you ensure your solution was correct? Testing details, for instance.
- 4) What did you learn?
- 5) How should the TA evaluate your work? Provide detailed steps to prove correctness
