Project 3: Encrypted Block Device

Courtney Bonn, Isaac Chan

Group #39

Abstract

I. Design Plan

II. Version Control Log

III. Work Log

Date	Time	Person	Event
November 1, 2017	9:20am	Courtney	Started HW3 LaTeX file
November 2, 2017	7:15pm	Courtney	Begin researching Ram Disks
		and	
		Isaac	
	8:30pm	Courtney	Set up basic block driver

IV. Write Up

1) What do you think the main point of this assignment is?

2) How did you personally approach the problem? Design decisions, algorithm, etc.

3) How did you ensure your solution was correct? Testing details, for instance.

4) What did you learn?
